

PARKER PARK

The 3.1 acre park located at Elm and North Second is the site of the Carver Neighborhood Center which was built in 1978. In 1985 the area was named as a memorial to John H. Parker, Jr., a popular singer, for his contributions to Salina children and his outgoing personality. Parker Park also contains 18 community garden plots for citizens to display their gardening talents. The neighborhood center can be reserved upon request for receptions and gatherings.
